

WaterSure Plus

For low income households
on a water meter

WaterSure Plus

What is WaterSure Plus?

If you are on a water meter and are in a low income household, our bill cap scheme - WaterSure Plus - could help reduce your payments.

The rules on who can join the scheme and how it is run were set out by the Government and is part of our affordability assistance programme that helps customers struggling to pay their water bill.

To apply for WaterSure Plus, you must be on one of the main social benefits or tax credits and have a genuine need to use more water. Customers who are on WaterSure Plus are charged no more than the average annual bill for metered customers in our supply area.

The conditions governing eligibility for WaterSure Plus may change from time to time in accordance with regulations issued by the Secretary of State.

Applying

Fill out all the sections of this application form that apply to you. You will need to provide information and supplementary evidence to enable us to reasonably validate your claim. You will also need to complete a declaration, giving us permission to pass your details to the company providing your sewerage services.

Please note:

- We will contact you to reconfirm eligibility each year.
- You must tell us immediately if your circumstances change and you are no longer eligible. We will remove you from the WaterSure Plus scheme the next time your meter is read.
- You do not qualify for WaterSure Plus if you water your garden with a nonhandheld appliance such as a sprinkler or domestic irrigation system or if you have an auto-fill swimming pool or pond with a capacity of over 10,000 litres.

Your Bills

We will continue to send bills each time the meter is read. The bill will show the WaterSure Plus charge and, for your information only, how much your metered charge would have been. Once on the WaterSure Plus scheme, if your actual metered bill is lower than the reduced charge, we will only charge you the lower amount.

How to pay

For those customers with payment arrangements already in place, we will update those arrangements and tell you of any changes. For customers who do not have a payment arrangement in place there are a number of options available – Direct Debit, instalment payment plan or you can have your payments deducted from your benefits.

Application Form

WaterSure Plus can help you if you have a low income and your water is supplied by a meter. We can help by putting a limit on your charges for water and sewerage services as long as you meet the following conditions.

1. Your water supply is metered.
2. The person who pays the water bill or someone else in your household receives a benefit (please see page 4 for a list of which benefits qualify) or tax credit; AND
3. There are either:
 - a) three or more children under the age of 19 living in the household for whom the person receiving the above benefit also claims Child Benefit; or
 - b) you or someone living in your household has a medical condition that means they use a lot of extra water.

How to apply

1. Fill in this application form and return it to us with the necessary supporting evidence. If you need help with this form, please phone us.
2. The person named on the water bill should sign this form as well as the person who receives a benefit or who has a medical condition (if they are not the person named on the water bill).
3. We will aim to give you a decision within five working days. We will contact you if we need any more information.
4. If your application is not successful we will tell you why.
5. If your application is successful, we will apply the reduced charges to your next bill.

Once you've completed the form and other necessary information (see page 8) please send to us at: Bristol Water,
1 Clevedon Walk, Nailsea, Bristol,
