

# Form F3 – Self Lay Application for Mains and/or Services

This form should only be used once a decision to self-lay has been taken. Developers requiring budget information to allow them to choose between the requisition and self-lay routes should, instead, complete a Preliminary Mains Enquiry Form (F2).

Please return forms, documents, plans and payment to **Development Services, Bristol Water, Bridgwater Rd, Bristol BS13 7AT** or email to **[development.services@bristolwater.co.uk](mailto:development.services@bristolwater.co.uk)**.

5. The Development

Has an enquiry been made in relation to this site in the past?

Yes

No

If 'yes' please provide Bristol Water's reference (e.g. Prelim 123.4/MLA 1234567/AFS 12345)

Is the site, to which this application refers, part of a larger development?

Yes

No

If 'yes' please give details (include names of adjoining owners if known). Continue on a separate sheet and attach additional plans if necessary.

Do **all** of the properties on the development have full, finalised planning permission?

Yes

No

If 'yes', please provide approval reference numbers, if 'no' please provide details of which properties have not received approval:

Will any premises on the site use water re-use systems (e.g. rainwater harvesting, greywater recycling)? If 'yes' please attach details including plot numbers.

Yes

No

What is the highest point, in any building, at which water will be required?

m

If phasing is required, please provide details (MM/YY). A phase, for these purposes, consists of the mains that will be commissioned in a single operation, plus the services that will be connected onto those mains.

## Household Units

Do any household units require a supply larger than a standard 25mm diameter service pipe (outside diameter of MDPE)?

Yes ☐ No ☐

If 'yes' please give details below including plot numbers:

Are any household units going to have sprinklers or other fire fighting provisions?

Yes ☐ No ☐

If 'yes' please give details below including plot numbers:

Do you require any temporary, landlord or bin supplies?

Yes ☐ No ☐

If 'yes' please give details, including sizes, locations and phase below:

Please fill in the following details for the household units in each phase of the development.  
Continue on a separate sheet if necessary.

### Phase 1

Plot numbers:		Total number of plots:	
Flat	≤ 3 bed	≥ 4 bed	
House	≤ 3 bed	≥ 4 bed	

### Phase 2

Plot numbers:		Total number of plots:

7. Further Information

Please provide details of anything (that has not been addressed elsewhere on this form) which may affect your application or the normal installation of water mains or services on this site. Continue on a separate sheet if necessary. If you are attaching additional information please list the attached items below.

## 7. Further Information

Please enclose the following items with your application and tick to indicate which items are enclosed:

### Design Administration Fee and Design Fee

If the developer of the site, or someone working on their behalf, has previously paid a design administration fee, then an additional fee will not normally be payable, however. If the scheme proceeds within 12 months any design administration fee will be refunded.

Should you choose Bristol Water to undertake the design for you a non-refundable fee of £415 is payable.

Residential	
Households	Fee
10 or fewer	£300+VAT
11-25	£400+VAT
26-75	£600+VAT
76-150	£900+VAT
151-300	£1,200+VAT
More than 300	£1,500+VAT
Design Fee	£415

Commercial/Industrial etc.	
Peak Flow Rate	Fee
Up to 0.5 l/s	£300+VAT
0.6 – 2.0 l/s	£500+VAT
2.1 – 5.0 l/s	£800+VAT
5.1 – 10 l/s	£1,000+VAT
10.1 – 15 l/s	£1,500+VAT
More than 15 l/s	£2,000+VAT
Design Fee	£415

If site comprises mixed household/non-household development, pay higher of above fee:

Cheque payable to 'Bristol Water' [PREFERRED METHOD]

BACS payment to a/c 80966860 , sort code 30-62-96  
(include 'Dev Servs Fee' in reference and send copy of remittance advice with application form):

A fee has previously been paid by or on behalf of this applicant:

Amount transferred/attached:

£

### Location Plan

This must show the site boundary, north point, grid reference at the centre of the site and two recognisable OS features

### Blank Site Layout Plan (black and white only:

This must show at least two recognisable OS features or grid reference points, proposed building outlines, plot numbers, site roads and any changes in ground level. It must be at a scale of 1:500, 1:250, 1:200 or 1:100

### Site Investigation Report

This should include a site history, chemical soil analysis, plan showing the sample locations and borehole logs. Details of the substances that should be tested for can be found on [www.bristolwater.co.uk](http://www.bristolwater.co.uk)

### Copies of correspondence with the local Fire Authority with regards to their hydrant requirements

(When SLP doing design, and when mains are being applied for, only. Otherwise please enter N/A)

### Site Layout Plan(s) (these may be colour) showing:

- the proposed route of the supply pipes, including the point of entry into the buildings, and the boundary/meter box positions.
- the proposed landscaping on the site.
- the phasing of the mains installation as per section 6 of this form.
- any proposed drainage/sewerage proposals, including details of any tanks, membranes etc.
- any other proposed or existing drainage or other services either on the site or where new mains are likely to be installed.
- any proposed service strips
- areas that are to be offered to the Highway Authority for adoption (please insert 'n/a' if all areas are to remain in private ownership)

Any drawings submitted electronically should be in PDF, DWG/DXF (2010 version or earlier) or Tiff formats only.

### Materials Schedule

This only needs to be included when items other than those on Bristol Water's materials list are to be used. For each item please list the material, diameter/size, pressure rating, manufacturer and part number.

- Only materials on Bristol Water's list are to be used
- Additional items are to be used and a schedule of them is attached
- We intend to self-lay mains designed by Bristol Water and will submit a materials schedule/confirm that we will only use listed items once the design has been provided to us

### Copies of any correspondence with other relevant bodies

e.g. Network Rail, drainage boards, bridge authorities, EA, Natural England etc., where this has already taken place. (The SLP will need to gain consent from all appropriate bodies, if it is required, after completion of the design by Bristol Water). Please specify:

9. Declaration

In signing this declaration I confirm that:

- I/the organisation I work for has the authority of the owner or occupier of the site, or its representative, to submit this application.
- all sections of this application have been completed in full;
- the information I have provided is correct to the best of my knowledge;
- I have attached all relevant supplementary documents and plans;
- I have enclosed a design administration fee (where applicable);
- I acknowledge that I, or the organisation I work for or on behalf of, will have responsibilities and duties under the Construction (Design and Management) Regulations 2015.
